GA 2012-9 Missouri was awarded \$57.4 million in State Energy Program dollars under ARRA. This funding is dedicated to improve energy efficiency, develop and use Missouri based renewable energy, and ensure adequate energy supplies. The Department of Natural Resources has begun to receive notification from sub-recipients declining awards. Funding must be fully spent by March 2012. This amendment will allow the State Energy Program to loan unspent dollars for energy-conservation measurers which reduce energy costs to the Division of State Parks and the Office of Administration. These savings provide the funds to repay the loan. Once the loan is repaid, annual energy savings can be redirected to other state priorities. The maximum loan amount depends on estimated annual energy cost savings the project is expected to produce. Senate did not accept Governors Amendment.
